Transforming India's On-Demand Workforce Market

WORKORAA

Market Overview

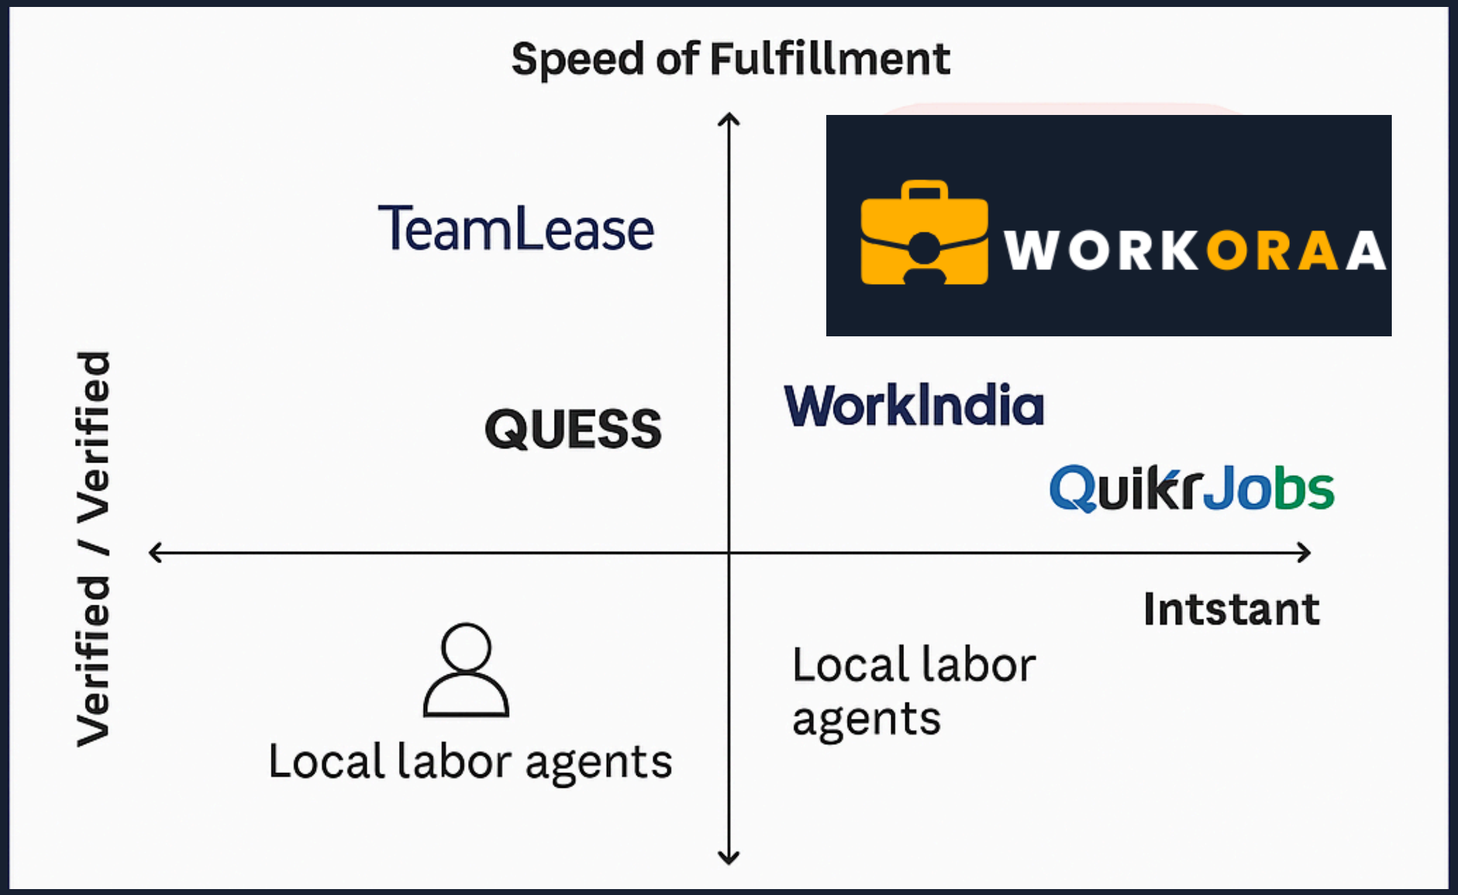

WORKORAA

Key Insight:

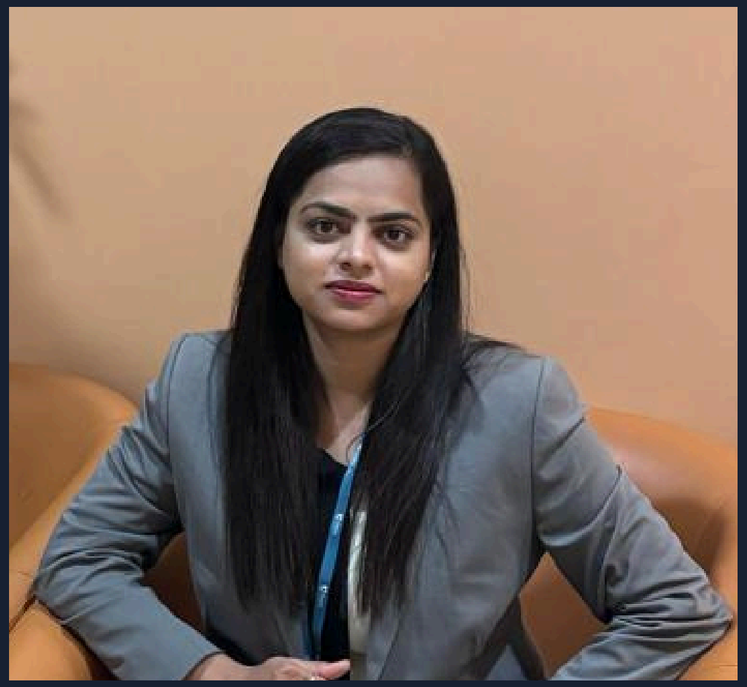

- Rapid adoption of hyperlocal staffing tech solutions in Tier 1 & 2 cities is growing at >20% CAGR.
- By 2030, India may have 90M gig workers
- Over 40% of Indians aged 20-24 are jobless, and many graduates settle for delivery work.

Competitors Analysis

WORKORAA

Team

Founder - Ashupriya Sadanande

CTO - Parth Naval

Key Partners

- - Local training & verification centers
- - Govt & NGO employment schemes
- - MSME associations

- Payment gateways & fintech partners

Key Activities

- Worker onboarding & verification
- AI-based job matching
- App & platform operations
- Partner network management

Key Resources

- Mobile app & backend tech
- AI matching system
- Workforce database
- Field partner network

Unique Value Proposition

- Businesses: Instant, verified staff
- Workers: Dignified, nearby opportunities
- Marketplace: Trust, speed & transparency

Customer Relationship

- Self-service platform
- Assisted onboarding
- Customer support for both ends

Channels

- Mobile app (Android-first)
- Web platform
- Local centers
- WhatsApp integration

Market Segments

Businesses:
Retail shops, restaurants, gyms, liquor stores, salons, pharmacies, small offices

Workers:
Semi-skilled & skilled workers from Tier 3 & rural regions

Cost Structure

- Tech development
- Marketing & onboarding
- Customer support
- Field operations & partnerships

Revenue Streams

- Commission on job matches
- Subscription plans for businesses
- Premium verified worker profiles
- Training & placement partnerships

Differentiation (MOAT)

WORKORAA

Smart Match: AI & geo-based matching connects businesses with available, nearby verified workers — in minutes.

Hyperlocal Model: Fast fulfilment with a Verified workforce, digital KYC, and performance history.

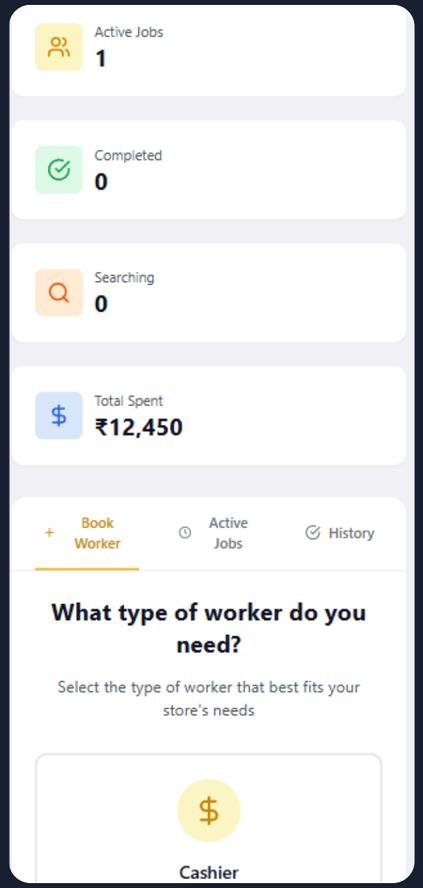

Data & Social Capital: Proprietary worker profiles, job history, ratings, and community referrals.

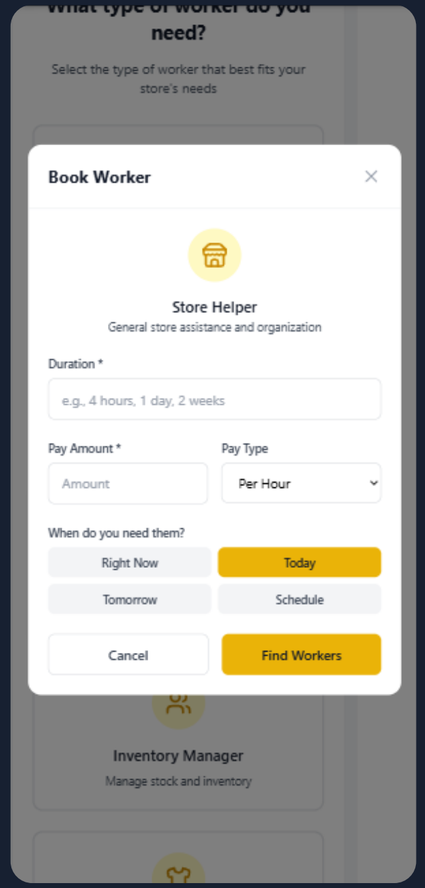

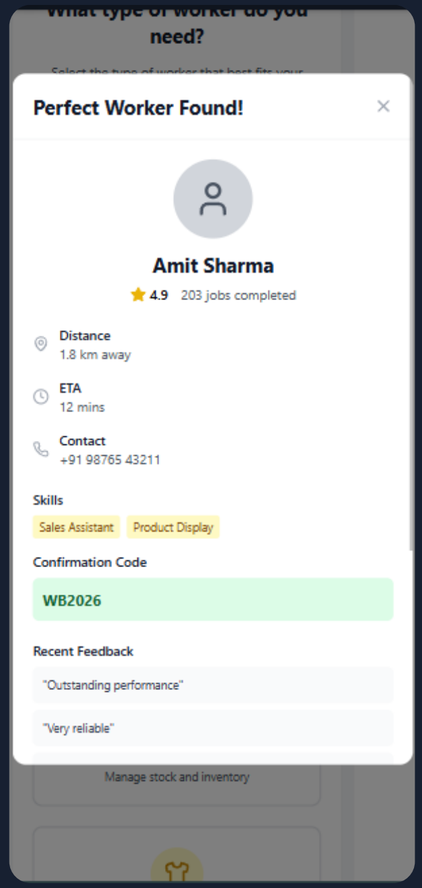

Social impact advantage through partnerships with skilling NGOs & Govt. programs.
